

All of the following items are understood and accepted as part of the contract between ASM International® and the Exhibitor for the licensing of booth space at ITSC 2016 Exposition (the "Exposition"), which is to be held at the Shanghai International Convention Center & Oriental Riverside Hotel in Shanghai, China (the "Exhibit Hall").

1. MINIMUM BOOTH: Standard 3 x 3 meter stall construction includes Octonorm Structure with white panels, Stall Fascia (company name & booth number), decorations or other obstructions may be erected which in any way interfere with the view of any other exhibitor. All standard booths should not exceed 4' in depth x 8' high from the back to the front. If the location of your booth is on the end of two rows of exhibit booths, your booth must not exceed 10' in width (which would encompass 5' in each direction from the center of the exhibit booth). Exhibitors desiring to use other than standard booth equipment, or any signs, decorations, or arrangements of display materials must submit two copies of a detailed sketch or proposed layout, and receive written approval from ITSC 2016 Show Management. Multiple booths, islands, and peninsulas may be reserved and they may be adjacent. ASM follows IAEE Guidelines.

a.) The STANDARD BOOTH shall have NO "built-up" exhibit or other construction to exceed 8' in overall height, which includes any signage.

b.) ISLAND and PENINSULA BOOTHS may exceed 8' up to a limit of 14'-20' in height if they occupy in excess of 400 square feet. PERIMETER BOOTHS also may exceed 8' in height up to a limit of 14'-20'. The limits as outlined above do not apply to machinery or equipment as regularly built and used in the steel industry. NO company name or advertising shall be displayed above the permissible height of the background for ANY exhibit. This includes but is not limited to signs, emblems, trademarks, medallions and cut-out lettering.

c.) Any special or unusual type of exhibit construction must be submitted to the Show Management in advance to determine whether it complies with these regulations. No area has been set aside nor any provision made to accommodate "cubic content" construction.

d.) No balloons will be used on the exhibit floor or as booth decorations.

e.) ASM International® will assign booth locations at its discretion, considering factors including time of application, receipt of payment, as well as Exhibitors preference. ITSC 2016 Show Management reserves the right to all final decisions concerning all aspects of the booth and its location, and also the right to rearrange assigned spaces for the overall benefit of the show. Show Management reserves the right to require the rearrangement of any exhibit to make it conform to the regulations, and the Exhibitor shall be liable for any costs incurred thereby. The general appearance of the Exposition as a whole must take precedence over that of any individual exhibit.

2. BARTER POLICY: All publications, publishing houses, trade organizations and associations are eligible for consideration of a 3 x 3 meter stall on a barter basis. All 3 x 3 meter stall provided by ASM International® will include carpeting, (1) 6' draped table and (2) chairs. There will be no attendance lists provided under barter arrangements. In exchange for said booth space and furnishings, ASM International® will receive either equivalent booth space at the counterpart's event or (1) 4-color, full-page advertisement in the counterpart's publication. All barter arrangements require a formal letter of agreement, to be initiated by ASM International®, in order to be considered valid. ASM International® reserves the right to refuse rental of space to any company who, in their opinion, is competitive with the general businesses operated by the society.

3. UTILITIES: Standard utilities are accessible from most booth locations, including but not limited to air, water and electrical. Payment for all such services is the responsibility of the individual exhibitors. Order forms will be included in the Exhibitors Service Manual. Please review your requirements carefully when ordering.

5. EXHIBIT HALL MANAGEMENT: Work and services controlled by the Exhibit Hall management include electrical service, guard or watchman service, stage, and public address service.

6. CLEANING SERVICE: Janitorial services for aisles throughout the exhibit area are included in the exhibit booth price. The forms for the booth cleaning service will be available in the Exhibitors Service Manual.

Engines or any kind of equipment may be operated only with the consent of the respective conference center facility and ITSC 2016 Show Management. All property destroyed or damaged by the Exhibitor must be replaced in its original condition by Exhibitor at its own expense. Exhibitor may not feature names of non-exhibiting manufacturers in its display; this, however, does not apply to names of parent, subsidiary or affiliated companies. Should an article of a non-exhibiting manufacturer be required for proper operation or demonstration of an Exhibitor's display, identification of such article shall be limited to regular nameplate, imprint or other identification which in standard practice appears normally on the article as sold in the industry. Exhibitor may give out envelopes, catalogs, circulars and folders, or other advertising material in its booth only. The distribution of such items from booth to booth, or in the aisles, meeting rooms, registration area, or elsewhere, is strictly prohibited. Any Exhibitor failing to comply with the policies relating to solicitation, product demonstrations or distribution of materials, risks being removed from the Exposition. Painting of the floor in exhibit spaces will not be permitted, and no floor covering may be attached or adhered in any manner whatsoever without the consent of the manager of the Exhibit Hall. Any damages will be charged directly to the Exhibitor, and Exhibitor agrees to pay the same. The Exhibitor agrees as a condition of this contract that the space hereby contracted for, or any portion thereof, is limited to the use and occupancy of the Exhibitor, or to any person, firm or corporation wholly owned or controlled by it.

17. RESTRICTIONS ON SELLING: With the exception of ITSC 2016 Services Booth(s), all over-the-counter sales or sales of any kind that involve the exchange of currency for goods received during the Exposition are strictly prohibited. 18. DISMANTLING OF DISPLAYS: The Exhibit Hall's closure date and time will be communicated in the Exhibitors Service Manual. Packing crates/boxes will not be returned to the exhibit booth(s) until all visitors have left the Exhibit Hall floor and all aisle carpet has been lifted. All dismantling must be finished and all exhibit materials must be out of the exhibit area no later than the specified date and time, which will be communicated in the Exhibitors Service Manual. It is the responsibility of the Exhibitor to arrange for the return shipment of properly labeled exhibit material before departure. Otherwise, it will be necessary to store

such material at the expense of the Exhibitor or return by common carrier at Exhibitors expense. The Exhibitor is responsible for notifying the respective service contract in advance. Exhibits may not, to ANY extent, be dismantled before the specified date and time listed in the Exhibitors' Service Manual. Any early dismantling or packing shall be considered a breach of this agreement and may affect future contracts. **PLEASE MAKE YOUR DEPARTURE PLANS ACCORDINGLY.
